

FROM SMALL THINGS ...

Sometimes, the best work is created in the least amount of time

Anna Burley said a hurried sketch in her Year 12 art class was one of the best drawings she had ever done.

"It gives the immediate impression , I'm very proud of it," Anna said.

She entered the drawing in Boroondara Council's XHIBIT 08.

Ann cannot pin down the exact age she showed an interest in art.

"I guess I've always drawn," the 17 year old said.

She said she got her talent from her mother but passion from her art teachers.

Anna said the youth week exhibition was one of the few chances she got to show off her work.

"This is an actual exhibition and you can sell work. It is pretty amazing," Anna said.
